AND POLLUTION PREVENTION

November 12, 2017

Cynthia Ann Smith
Agent for Bull Run Scientific, VBT
3900 Westerre Parkway, Suite 300
Richmond, VA 23233

Subject: Labeling Notification per Pesticide Registration Notice (PRN) 98-10 – Addition of Text:
Add Water – Subtract Flies, Never Touch Bait or Flies, Lets Flies in, But Not Out
Product Name: Bull Run Fly Attractant
EPA Registration Number: 84565-2
Application Date: 10/24/2017
OPP Decision Number: 535216

Dear Ms. Smith:

The U.S. Environmental Protection Agency (EPA) is in receipt of your application for notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Biopesticides and Pollution Prevention Division (BPPD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The labeling submitted with this application has been stamped “Notification” and will be placed in our records. You must submit one (1) copy of the final printed labeling with the modifications.

Should you wish to add/retain a reference to your company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and is subject to review by the EPA. If the website is false or misleading, the product will be considered to be misbranded and sale or distribution of the product is unlawful under FIFRA section 12(a)(1)(E). 40 CFR § 156.10(a)(5) lists examples of statements the EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the EPA find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA-approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance Assurance.

If you have any questions, please contact Elyse Bilardo of my team by phone at (703) 347-0182 or via email at bilardo.elyse@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "For Andrew Bryceland". The signature is stylized and written over a light blue rectangular background.

Andrew Bryceland, Team Leader
Biochemical Pesticides Branch
Biopesticides and Pollution
Prevention Division (7511P)
Office of Pesticide Programs

Enclosure: Master Label

Bull Run Fly Attractant Master Label

NOTIFICATION

84565-2

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

11/12/2017

Summary of Alternate Brand Name Products			
Alternate Brand Name	Description	Attractant Net Weight (Ounces)	Pages
Disposable Bull Run Medium Fly Trap	The attractant is packaged inside the trap and is not accessible to the user.	1.45	2-4
Disposable Bull Run Large Fly Trap	The attractant is packaged inside the trap and is not accessible to the user.	1.96	5-7

Tubular Bull Run Fly Trap Insert	The attractant is packaged inside the trap insert and is not accessible to the user. Refill. Sold without decorative cover.	0.51	22-24

Labeling Text for Use on Disposable Bull Run Medium Fly Trap

[Front Panel, Disposable Bull Run Medium Fly Trap]

Model XXX

**Disposable
Bull Run
MEDIUM FLY TRAP**

Protect your outdoor living space from nuisance and filth flies

Optional text: [Non-toxic mode of action] [Naturally-occurring ingredients draw flies away from you] [Perfect for lawn, garden, camping and farm use]

- No killing agents - insects drown • Effective and responsible
- Complete with attractant • Just add water and hang • Catches up to 20,000 flies
- Add water - Subtract flies • Never touch bait or flies • Lets flies in, but not out

INGREDIENTS	
ACTIVE INGREDIENTS:	
Sucrose	42.1%
Putrescent Whole Egg Solids	18.0%
Yeast	5.5%
Trimethylamine	2.8%
Indole	0.2%
OTHER INGREDIENTS	<u>31.4%</u>
TOTAL	100.0%

**Keep Out of Reach of Children
CAUTION**

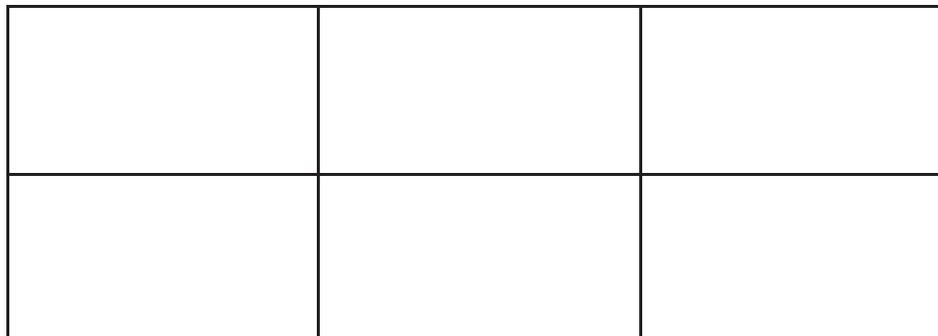

NET CONTENTS: 1.45 oz

[Top Panel, Disposable Bull Run Medium Fly Trap]

Read instructions before opening.
Cut here on dotted line.

[Back Panel, Disposable Bull Run Medium Fly Trap]

----- Fill Line -----

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product is proven to catch the following species: house fly, blow flies, bottle flies, lesser house fly, cluster fly, lance fly, secondary screwworm fly, flesh fly and false stable fly.

1. Cut plastic on top cap at dotted line.
2. Pull open and attach string or wire.
3. Add water to fill line on bag.
4. Hang trap outside near a fly source (garbage, compost pile, dog run, stable) to draw flies away from home entrances and outdoor living areas. Strong odor may occur if not placed in well-ventilated area.
5. Attractant pouch will dissolve and activate within 2-5 hours, creating an odor attractive to flies.
6. Replace trap when full, when contents dry out, or after 30 days - whichever comes first.
7. Close cap.
8. Deposit in trash for collection.
9. Wash hands with soap and water.

Helpful Hints: Weather conditions affect fly activity and trap effectiveness. In hotter temperatures, place traps in shade. In cooler temperatures, flies will be more active where it is warmer, so place traps in sun-exposed areas.

For more significant fly problems, look for larger capacity Bull Run Disposable and Reusable Fly Traps.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store in a cool, dry, well-ventilated location out of reach of pets and livestock.

DISPOSAL: Deposit in trash for collection. Wash hands with soap and water.

Tubular Bull Run Fly Trap Insert

Optional text:

GENERAL INFORMATION:

Provide the consumer with an easy, effective, economical and responsible way to control insect pests: That's the mission we set out to fulfill over 30 years ago. With the Tubular Trap, we've added another objective: Make it decorative, for the discerning customer who wants to beautify the outdoor landscape.

This product is proven to trap the following species: house fly, blow flies, bottle flies, lesser house fly, cluster fly, lance fly, secondary screwworm fly, flesh fly and false stable fly.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

1. Tear open pouch and remove Trap Insert.
2. Straighten bag and make sure attractant is at the bottom.
3. Pull up on center tab of top cap until it snaps in place.
4. Place Trap Insert, bag first, into threaded end of decorative cover. Screw top cap in place.
5. Fill trap outdoors using warm water. Add 1 cup water to "dissolve" line and wait five minutes for attractant packet to dissolve. Then add 3/4 cup more water to the "activate" line.
6. Hang trap outside at least 20 feet from home entrances and outdoor living areas. Trap emits a strong odor attractive to flies, and works best when placed at a distance drawing flies away from human activity.
7. Replace Trap Insert when full, when contents dry out, or after two weeks – whichever comes first.

Optional text:

Helpful Hints: Weather conditions affect fly activity and trap effectiveness. In hotter temperatures, place traps in shade. In cooler temperatures, flies will be more active where it is warmer, so place traps in sun-exposed areas.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store in a cool, dry, well-ventilated location out of reach of children and pets.

DISPOSAL: Push down on top cap to close trap, unscrew from decorative cover, and deposit in trash for collection. Wash hands with soap and water.

Optional text and graphics:
